HUMAN RIGHTS EDUCATION OPPORTUNITY

PROJECT INFORMATION

“HERO2” project was built on the same needs of participating organizations, which is to advance the competences of youth workers in the field of human rights and human rights education. As they must relate to our everyday reality and needs, human rights education is relevant in youth workers practice. Therefore, it is crucial that youth workers are getting educated or trained about, for and through human rights education, as it is the most important tool for spreading fundamental/human rights awareness. Because of it, the main objectives of “HERO2” are to raise the awareness, respect and application of human rights values within youth work; to increase the knowledge and competencies of youth workers needed to realize the human rights education; and to support the reassess of values in HRE through cooperative learning of theories and pragmatic approach applicable to every society.

Thereby, this project aims to:

- provide youth workers with know-how tools and resources essential for supporting them in the process of critical reflection on values we promote;
- identify and recognize key stakeholders in the field of human rights and human rights education;
- recognize the risks and threats linked to human rights values and develop strategies to minimize these.

As a result, youth workers will have knowledge, skills and attitudes needed to include young people in human rights education and raise awareness of the importance of human rights in youth work, just as to actively promote them amongst other young people. Human rights education that will be carried out in this training, will be relevant and meaningful for learners as they will understand how to respect and apply human rights values through cooperative learning of theories and adopting new methods which will help them perceive the risks and threats linked to human rights values.

To write and share an article about the training

To share a handbook of the training to other organizations with whom you work

TRAVEL INFORMATION

We expect you to arrive to:

- (A) Franjo Tuđman Zagreb Airport
- (B) Zagreb Central Bus Station
- (C) Zagreb Central Train Station

In case that you decided not to arrive to Zagreb, please contact us to provide you with additional information, if necessary.

(A) The **Franjo Tuđman Airport** in Zagreb is 60 km from Karlovac. From the Airport you can take the shuttle bus to the Zagreb Main Bus Station (Autobusni kolodvor), with the cost of a one-way ticket is 6,00 EUR. The timetable is available here: <http://www.plesoprijevoz.hr/en/page/timetable>

When you arrive to Zagreb main bus station, follow the next instructions.

(B) From **Zagreb Main Bus Station** you should take the bus to Karlovac. The average bus ride Zagreb – Karlovac is around 45 minutes, depending on the traffic in Zagreb. The bus lines are quite frequent (mostly every 30 – 45 minutes). The average price for a one-way ticket is approximately 5,5 to 8,00 EUR, the prices vary depending on the provider. We advise you not to buy the two-way tickets right away because in that case you can travel back to Zagreb only with that line provider. People under 26 and students have a discount. The luggage fee for buses to Karlovac is about 1 EUR. The timetable is available here: www.akz.hr/en. Be sure to click “Show complete timetable” because with the direct lines Zagreb – Karlovac there are a lot of connection lines that stop in Karlovac.

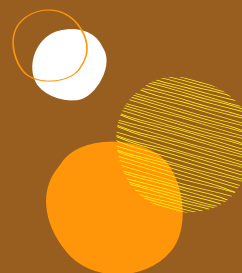

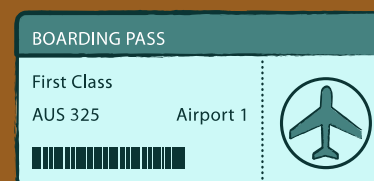

(C) From Zagreb to Karlovac you can also take the train from **Zagreb Central Train Station** (Željeznički kolodvor). It is 15 minutes' walk from the Central Bus Station, or a short tram ride (buy a 0,53 EUR tram ticket at the magazine shops). There are less train connections to Karlovac (one train approximately every 90 minutes), and the train ride is approximately 1 hour from Zagreb to Karlovac because the train stops frequently. On the other hand, the prices are somewhat cheaper – around 4,80 EUR if you buy it at the ticket office (tickets bought in the train are 15% expensive).

If buying train tickets keep in mind – Karlovac has 2 train stations; some trains stop at the Karlovac Main Train Station (marked: Karlovac), while others stop at the Karlovac Centre Train Station (marked: Karlovac Centar). If you choose to go by train, you should **arrive to the Karlovac Center** because it is 15 minutes less walking for you. So, if you're going by train be sure to ask when buying tickets where does it stop in Karlovac.

You can check the timetable: <https://bit.ly/2YxksLV>

Be careful to keep all the **ORIGINAL** invoices and tickets!

P.S. If you have boarding pass on mobile phone, don't forget to take a screenshot.

HOW TO ARRIVE FROM STATION TO THE CARLSTADT HOTEL

The good thing is that Central Bus Station and Central Train Station in Karlovac are next to each other. So when you arrive, you will have 10 minutes of walk to the accommodation venue.

ACCOMODATION IN HOTEL CARLSTADT

Participants will be accommodated in double rooms (two beds) in hotel Carlstadt.

The hotel is located in the very center of the city. For more info about the hotel check out [here](#).

THE CITY OF KARLOVAC

Karlovac is a city and municipality in central Croatia. Karlovac loves its visitors. This has been a part of our genetic code. For centuries, this has been the place of encounters, the meeting point of people, rivers and roads.

Karlovac is a town of waters. And that's it. It is its main topic and it is omnipresent theme. The water well in the centre of the old town offers a free sample for you to drink, to feel what it is like to have a high quality potable water. We have four rivers (Korana, Kupa, Mrežnica and Dobra), with all the fish, frogs and mermaids. The rivers have numerous waterfalls and cascades, and each is very clean and excellent for swimming!

Karlovac is a city built and thought out taking full advantage of its surroundings: In green valleys of four rivers, beneath the Dubovac old town, filled with hundred-year-old parks and promenades, bicycling routes, deeply rooted in traditions of culture, sports, trades and commerce. Inevitably, with such parameters Karlovac is a European formula for pleasant living and business investments. Karlovac is unique in its business and development possibilities. Situated at the crossroads of the most important Croatian and European highways and extreme vicinity to the two bordering countries - Slovenia and Bosnia & Herzegovina, Karlovac holds great potential.

In Karlovac; if someone invites you to "go for a coffee" more often than not that implies "let's go for a beer". Another of the city's nicknames should actually be "the city of beer"! One of the two most popular brands of beer in the country has been brewed by Karlovačka pivovara (Karlovac Brewery) since it was founded by local landowner Baron Nikola Vranyczany-Dobrinovic in 1854.

If you wish to know more about our city, you can find quite interesting information in the following article, written by an Irish guy living in Karlovac:
